All Roads Lead to Retail

Las Vegas is considered a paradise of entertainment and gaming, but its shopping is not to be ignored. At **Miracle Mile Shops at Planet Hollywood Resort** (702.866.0703, 888.800.8284), you can find everything from a swanky tattoo studio to endless clothing stores, one-of-a-kind boutiques and several restaurants.

A variety of hip and swanky shops makes it easy to find the perfect item. Sexy, contemporary clothing stores like Bebe, Betsey Johnson and Stash offer colorful party dresses for the ladies. For the ultimate night out, stock up on extra touches from Victoria's Secret, Frederick's of Hollywood, Guess by Marciano, French Connection and Wild Pair, or add to the fun by picking up makeup, perfume and body products at Sephora. When you've finished shopping, head to PBR Rock Bar or the two-story Cabo Wabo Cantina. Sitting Stripside with a huge open patio, Sammy Hagar's hot spot has a great view of the city, perfect for catching the Fountains of Bellagio during the day or watching Las Vegas Boulevard heat up at night. —Emma Trotter
