103 **Buffets**

**105 Shopping** To buy or not to buy, that is the question (We say go for it!)

**109 Gaming** We tell you where to roll 'em (and where to hold 'em)

**113 Attractions** Fun for the whole family, and many of them are free!

**122 Resources** Details and information plus valuable Marketplace offers

## QUITE A SPLASH

Lights, colorful fog effects and 50-foot eruptions characterize the new **Miracle Mile Shops Fountain**. ¶ The attraction sends its musical score through a surround-sound system, creating a dramatic feel for each show. The versatility of the fountain was demonstrated recently when the attraction symbolically emitted a constant red color and ambience in between shows during National Heart Month—and all money tossed into the fountain was donated to the American Heart Association. ¶ Shows occur daily at the top of every hour, 10 a.m.–11 p.m.
